IMTIAZ DEVELOPMENTS × Aaronz &Co.

Brokerages paid the same day. Imtiaz pays as usual.

Aaronz handles every broker commission payment for Imtiaz. Each brokerage chooses when to be paid, and is paid exactly on that day.

01 CURRENT PROCESS

Booking to commission, today and with Aaronz

TODAY — Broker waits

01	02	03	04	05
Booking done	**Milestone reached**	**Imtiaz notifies**	**Invoice raised**	**Paid**
Sale recorded. Nothing on commission yet.	Imtiaz checks the broker is eligible.	Asks the broker to raise an invoice.	Imtiaz processes it.	On Imtiaz's payment terms.

WITH AARONZ — Broker chooses

01	02	03	04	05
Booking done	**Broker chooses**	**DLD registration**	**Invoice verified**	**Paid**
Aaronz notifies the brokerage straight away.	When to be paid: same day, 15, 30 days or usual date.	Aaronz asks for the invoice immediately.	Aaronz verifies the invoice is authentic.	Immediately on the selected date.

Illustrative. Imtiaz still pays on its usual payment terms; with Aaronz it pays Aaronz, which settles each brokerage on the date it chose.

The proposal

01 · FOR AGENTS

Their split, without the wait

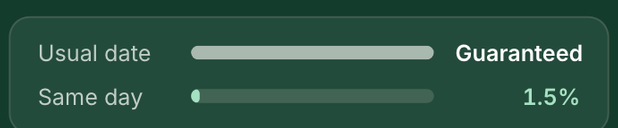

Paid the day their brokerage is paid.

02 · FOR BROKERAGES

Paid on time for free, or early for a fee

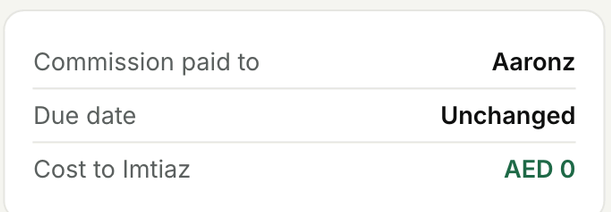

For each sale the brokerage picks a date. Aaronz pays exactly then.

03 · FOR IMTIAZ

One payee, no cost

Imtiaz pays Aaronz on its usual dates. Aaronz pays every brokerage.

Illustrative: AED 100,000 commission, same-day fee AED 1,500, agent split 50% of the amount received before VAT. Splits are set by each brokerage.

05 FOR THE FINANCE TEAM

What changes for Imtiaz, and what doesn't

	WITH AARONZ	WHY IT MATTERS
Payment terms	**Unchanged**	Same amount, same due date, paid to Aaronz.
Cost to Imtiaz	**AED 0**	Only a brokerage that chooses early payout pays a fee.
Approvals	**No per-invoice sign-off**	Eligibility comes from data Imtiaz already holds.
Team effort	**One payee instead of many**	Aaronz handles payouts, receipts and broker queries.
What we need	Eligible commission data for each sale	Per booking: eligible commission, and the milestone and date it becomes payable.

Proposed operating terms, to be set out in a short tripartite agreement. If a sale is cancelled, recovery is from the broker, not Imtiaz.

06 WHY THIS DESIGN

At the source, not an extra platform

Other UAE options sit outside the developer's flow and need approval for every invoice.

	APPROVAL-BASED PLATFORM	AARONZ
Where the broker starts	A separate platform	**Imtiaz's own booking email**
Developer work	Approves each invoice	**None per invoice; one data feed**
Time to cash	2–9 days after the developer approves	**Same day as DLD registration**
Data	Stays with the platform	Imtiaz sees uptake and broker activity

Approval-based platform terms are from FastPay RECAP's published product pages (accessed 1 October 2026). Aaronz timings are proposed, not yet live.
